

Capacity to connect

Canvio Connect II

Access your files anywhere and from any device. The new Canvio Connect II is a smart storage solution that will soon become your favourite data companion. Not only do you get up to 3 TB of portable storage, the Canvio Connect II can also turn your PC into your own personal cloud server. Pre-loaded remote access software gives you instant access to your files from all your devices, wherever you are.*

Backing up your files is a breeze, thanks to the pre-installed NTI[®] Backup Now EZ[™] software. A NTFS driver for Mac is also included. And all this is packed into a solid, stylish enclosure available in five colours that fit in the palm of your hand.

* Canvio Connect II must be connected to a PC and WiFi environment. (PC must be on or in stand-by mode)

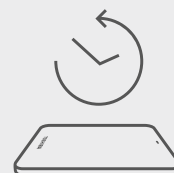

Remote access software
