

Compact keyboard  
**UltraBoard 940**

**Double connectivity:** USB cable as well as Bluetooth

**Multi-pairing:** up to 5 devices

**Keys:** Responsive keystrokes and dark letters on a bright background

**Compatible:** both Mac and Windows OS

**Compact:** Ergonomic posture

**Ultra thin:** Only 19 mm

**Layout:** Extra wide spacebar and optimal positioning of arrow keys.

**Specifications**

Dimensions:	285 x 191 x 147 mm (W x H x D)
Weight:	430 gr
Product code:	BNEU940US (Multiple versions)

**Health & Safety Regulations**

A compact keyboard does not have a numeric pad. For this reason, the mouse can be placed closer to the keyboard. Research has shown that 90% of keyboard users seldom if ever use the numeric pad. Working with a compact keyboard results in greater comfort because it reduces the reaching distance to the mouse (Cook, C., et al., 1998). This puts less strain on the shoulder and forearm. Dark letters on a light background make them easier to read (ISO 9241), and contribute to increased productivity (Snyder, 1990).

**Research**

Compact keyboard (keyboards without separate numeric keys at the right side) decrease the reach distance to the mouse (Cook, et al, 1998), decrease the strain on the forearms and are found to be more comfortable than standard keyboards (van Lingen, et al, 2003)

1. Double connectivity
2. 2 USB ports
3. Multi-pairing
