## Description

Arguably the most critical page of any report – the one you see first, the one that can impress and make your document stand out from the rest – is the cover. It protects, reflects you and your company and represents the packaging of all your ideas and effort. GBC HiClear™ Covers are made from crystal-clear, durable PVC and form an essential element in any document presentation portfolio. They are both spill and tear-proof, designed to show off the title pages of reports, manuals or presentations and enhance the colours and artwork whilst protecting your valuable work. HiClear™ Covers are available in 4 standard thicknesses so you are sure to find the perfect option to suit your specific needs. Choose from Lightweight 150 micron to create an eye-catching title page, Medium weight 180/200 micron for a professional touch, Heavyweight 240 micron or Super Heavyweight 300 micron

– both ideal for frequently handled documents requiring a premium finish. HiClear™ Covers are ideal for ClickBind™, WireBind, CombBind® and CoilBind™ binding styles and are available in A5, A4 and A3 size options. Remember to place a sheet of plain paper between each PVC cover when punching multiple sheets to ensure a clean punch and optimum hole quality.
