

LIQUID FABRIC CONDITIONER

- Concentrated for Economy
- Lasting Freshness
- Anti-Static for Softer Fabric

USES

A liquid fabric conditioner with an added fibre protector. For use in automatic washing machines to provide comfort and softness to all your fabrics.

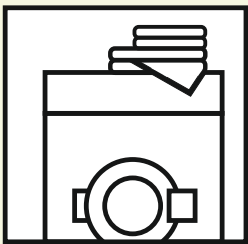

An opaque, blue liquid, which contains a high active blend of fabric conditioners and pleasant fragrance in an aqueous base.

For use in conjunction with Laundry Detergent in automatic washing machines or by hand. The two products work synergistically to enhance the appearance, texture and fragrance of fabric.

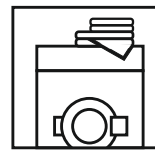

DIRECTIONS

Dispense via the Clover Ultra Care dispensing system into the final rinse cycle. Typical dilution rate is 6-9ml per kilo of dry weight fabric, according to the odour and conditioning effect required on fabric.

N.B. Do not use on rubber or waterproof bedding.
