

Product main features

Ballpoint, clicker (left), retractable and retractable (right), retractable (left) - 1.2 mm for a line width of 1.0 mm, long (right), short (left), 80 mm retractable, 85 mm retractable, compact with dimensions and standard, made in France

Cartridges made by BIC

Long retractable cartridge

Cartridge made in Italy

- Recycled ink
- Recycled ink
- Complete ink cartridges are standard

Available

Point made by BIC

Original ballpoint tip design for optimal ballpoint pen performance

Temporary retractable ball

Perfectly spherical and retractable ball
100% of the ball is retractable
Ensures quality and writing precision
1.2 mm ball diameter with 0.1 mm gap

Rolling clip in polystyrene

Reduces paper friction
Increases stability

Retracting ball

Enables the retractable ball to be pulled to prevent leakage

Clear hexagonal barrel in polystyrene

Visible
Maintenance easy

Retractable cap in polystyrene

Reduces paper friction
Increases stability

Process and Control

Fully manufactured in France

More than 10 quality controls are implemented throughout BIC Cristal® production process. Full compliance with European standards

Norms and regulations compliance

REACH

- No SVHC (Substances of Very High Concern)
- No SVHC (Substances of Very High Concern)
- No SVHC (Substances of Very High Concern)
- No SVHC (Substances of Very High Concern)
- No SVHC (Substances of Very High Concern)

RoHS

- Fully compliant with RoHS (Restriction of Hazardous Substances)
- Fully compliant with RoHS (Restriction of Hazardous Substances)

Environment and social responsibility

Environment

- Manufactured in an ISO 14001 factory (environment management system)
- 100% of the plastic used in the production of the pen is recycled
- Recycled ink is used for the production of the pen
