CHERRY STREAM DESKTOP RECHARGE

The best STREAM ever as a wireless premium version with charging function.

CHERRY

Models may vary from the image shown

The STREAM DESKTOP RECHARGE is the premium version of the successful STREAM DESKTOP. The design of the wireless set looks confusingly similar, yet it is worth a closer look. New features include rechargeable and replaceable batteries. What is also new is that the wireless mouse now also has AES encryption and not just the keyboard.

The STREAM DESKTOP RECHARGE is based on our very own SX scissor technology. The unmistakable CHERRY writing experience is created by the precise keystroke of the quiet PC keyboard. This lays the foundation for a productive working day with low noise levels.

The 6-key mouse, which also has extremely quiet buttons, is an excellent match. The size and shape are equally suitable for large and small hands. The resolution and therefore also the speed can be adjusted in 3 steps via a DPI switch. The two thumb buttons for browser navigation are especially helpful.

If you value ease of use, STREAM DESKTOP RECHARGE is right for you. The computer mouse and keyboard can be recharged even while you continue to work uninterrupted. The USB-C cable and the high-quality GP ReCyko+ rechargeable batteries are included in delivery. Unlike most keyboard-mouse sets on the market, there are no permanently installed lithium cells in this desktop. The NiMH batteries used here can be easily exchanged if necessary. Let's be honest – a CHERRY keyboard usually lasts longer than any rechargeable battery.

Encryption is a very important factor if you work with sensitive data. This set is equipped with AES-128 (Advanced Encryption Standard). Keystrokes and mouse movements are encrypted 128-bit CCM encryption before they are transmitted. The status LEDs integrated in the keys are also highly practical. They indicate whether the shift key, scroll key or Num-Lock key is activated or whether charging is necessary. To ensure that the rechargeable batteries are still charged after a holiday, the keyboard and mouse cane be switched off completely with a switch.

You can attain a maximum of flexibility with the optional CHERRY KEYS software. This application enables you to configure your keyboard and mouse according to your individual requirements. Download on www.cherry. de/keys is free of charge. The 10 additional keys are also very practical: Windows lock, browser, mail, calculator and 6 keys to control volume and multimedia applications.

As with all members of the STREAM family, The STREAM DESKTOP RECHARGE is reinforced with a metal plate for maximum stability. The keyboard has a long range and also has eight rubber pads and rubberized feet on the back. This ensures the highest levels of stability. The mouse is of similar quality. It fits stably and securely in your hand and yet glides effortlessly across the table.

The desktop set bears the "Safety Tested" GS seal, which means it complies with all relevant European directives and regulations on safety and ergonomics. The "Blue Angel" award means that the desktop set stands out for those wishing to make a sustainable and responsible purchase.

The new wireless desktop set from CHERRY combines all the popular features of the million-selling STREAM KEYBOARD and expands them with wireless technology and a charging concept. Are you

looking for a solid, resilient and durable companion for professional or private use? Then the STREAM DESKTOP RECHARGE is the right choice for you.

FUNCTION AND PERFORMANCE

→ Maximum productivity:

→ Super silent keystroke

→ CHERRY SX scissor mechanism

→ Mouse buttons with a quiet click

→ 3-level adjustable mouse sensor with up to 2,400 dpi

→ Highest quality:

→ Rubberized feet for perfect slip resistance

→ Integrated metal plate for maximum torsional rigidity

→ Blue Angel ecolabel

→ Durable key labels

→ Keyboard and mouse with AES-128 encryption

→ Optimum operating comfort:

→ NiMH batteries rechargeable via USB-C (GP ReCyko+) in mouse and keyboard

→ Status LEDs show low residual battery charge, charging status and mouse resolution

→ Additional status LEDs for the CAPS LOCK, NUM and SCROLL keys

→ Keyboard with 10 office & multimedia keys

→ 6 mouse buttons and scroll wheel

→ Very latest design:

→ Low height

→ GS certificate (full size layout)

TECHNICAL DATA

Weight main product:	905 g
Dimensions product without packaging:	462,2 mm x 162,2 mm x 23,3 mm
Storage temperature:	-20 °C - 65 °C
Working temperature:	0 °C - 50 °C

Produktzulassungen:	• CE • FCC • cURus • China RoHS • Blauer Engel • GS • Windows Hardware Compatibility • UKCA • VDE
System Requirements-Hardware:	USB-A
Operating system:	• Windows 7 • Windows 8 • Windows 10
Scope of delivery:	• Manual • Mouse • Keyboard • Nano-USB-Receiver • USB-A to USB-C Cable • 2 x AAA battery • 1 x AA battery
Reliability:	MTBF > 10 Mio. h calculated to SN 29500 (electronic module only)
Software support:	CHERRY KEYS
USB dongle:	yes
2.4 Ghz wireless connection:	yes
Encryption in wireless mode:	yes
Wireless range (m):	10 m
Connection via Bluetooth:	no
Number of batteries:	2
Batterie Art:	NiMH
Batterie Bauform:	AAA
Battery rechargeable:	yes
Battery replaceable:	yes
Battery charging socket:	USB-C
Service life per key (in million strokes):	20 mio. actuations
Switching characteristics:	standard

Max. current consumption (mA) of keyboard:	20 mA	Thumb buttons:	yes
Keyboard format:	Full-size (100%)	Sensor:	PixArt PAW3212, Invisible light
Integrated metal plate:	yes	Max. resolution (dpi):	2.400 dpi
Volume (dB) of keyboard:	49 db	dpi switch:	yes
N-key rollover:	not specified	dpi levels:	3
Anti-ghosting:	not specified	Housing material:	ABS
Key encryption:	AES-128	Max. Current consumption (mA) Mouse:	20 mA
Actuating force tol.:	10 cN	Switch type:	silent
Palm rest:	Palm rest not available	2.4 Ghz wireless connection:	yes
USB hub:	no	Wireless range (m):	10 m
Special key functions:	• PC lock • Browser • e-mail program • Calculator • Volume down • Unmute/Mute • Volume up • Play/Pause • Next track • Last track	Encryption in wireless mode:	AES-128
		Connection via Bluetooth:	no
		Number of batteries in mouse:	1
		Batterie Art:	NiMH
		Batterie Bauform:	AA
		Battery rechargeable:	yes
		Battery replaceable:	yes
Illumination:	no	Battery charging socket:	USB-C
Adjustable feet:	integrated	Battery life (h):	7 months
Status LEDs:	in keys		
Key technology:	Scissor		
Keycap material:	ABS		

TECHNICAL DATA (MOUSE)

Dimensions mouse without packaging:	116 mm x 64,7 mm x 37,7 mm
Weight of product:	119 g
Number of keys:	6
