MARKETING TEXT
<p>The KleenEarth scissors of WESTCOTT® with antibacterial protection (Microban®) convinces due to their stainless blades and the ergonomic shaped handles made of 70% recycled plastics. Additionally the scissors provide an increased comfort during cutting by a finger rest. The antibacterial protection inhibits uncontrolled growth of bacteria and is already included in the production process. It is evenly distributed in the product and therefore on the surface of the product. That is how Microban® offers a permanent antibacterial protection during the whole product life cycle that can't be rubbed off or washed out.</p>
