

Evolution Everyday

Produced from 100% recovered fibre certified to FSC® standards. Manufactured without chlorine bleaching, high whiteness is achieved thanks to a special converting process for the recycled fibre.

The paper has high opacity and good sheet formation in addition to maximum ageing resistance.

Excellent runnability on all types of machines.

Product Features:

- Made from 100% recycled post consumer waste
- Guaranteed for laser, inkjet and pre-print
- High whiteness 150 CIE
- Good opacity and cleanliness
- Excellent runnability
- Highest ageing resistance (DIN 6738 and ISO 9706)
- Produced using bioenergy and local sourcing of materials
- Inhouse de-inking
- Closed loop; no landfill
