8. **EXPOSURE CONTROLS / PERSONAL PROTECTION**

|                                |  |     |     |
|--------------------------------|--|-----|-----|
| Personal Protection:           | Avoid contact with eyes  |     |     |
| Hygienic Measures:             | Do not eat, drink or smoke during work. Change contaminated clothes immediately. |     |     |
| Personal protecting equipment: | Respiratory protection (mask)  |     | No  |
|                                | Hand protection (gloves)   |     | Yes |
|                                | Eye protection (glasses)   | Yes |     |
|                                | Body protection (suit)   |     | Yes |

9. **PHYSICAL AND CHEMICAL PROPERTIES**

|                     |   |                         |
|---------------------|---|-------------------------|
| Appearance          | : | Viscous liquid          |
| Colour              | : | Miscellaneous           |
| Odour               | : | None                    |
| Viscosity           | : | 9000 ± 1000 cps at 25°C |
| Solubility in water | : | Insoluble               |
| PH value            | : | Not applicable          |

10. **STABILITY AND REACTIVITY**

|                                  |   |      |
|----------------------------------|---|------|
| Thermal decomposition            | : | None |
| Hazardous Reaction               | : | None |
| Hazardous Decomposition products | : | None |

11. **TOXICOLOGICAL INFORMATION**

|                                    |   |                  |
|------------------------------------|---|------------------|
| High Oral Toxicity (DL50)          | : | Above 5000 mg/kg |
| Primary Skin Irritation            | : | None             |
| Primary mucous membrane irritation | : | None             |

12. **ECOLOGICAL INFORMATION**

|                                      |   |                            |
|--------------------------------------|---|----------------------------|
| Biological elimination               | : | N/A                        |
| Toxicity for fishes                  | : | N/A                        |
| Bacteria Inhibition                  | : | N/A                        |
| Class for Water Toxicity Risk (WGK3) | : | 1 = limited risk for water |

13. **DISPOSAL CONSIDERATIONS**

As per local laws

14. **TRANSPORT INFORMATION**

Transport by truck, river, sea or air are considered not to be dangerous and labelling is therefore not required.
