General Descriptions

Marketing Brand: Scott®

Product Title: Scott® Control™ Foam Frequent Use Hand Cleanser 6345

General Description: Elevate your washroom experience with trusted and familiar Scott® Control™ washroom solutions, designed to support compliance control in the workplace. Where hygiene is the number one priority, choose Scott® Control™ foam frequent use hand cleanser to support hygiene practices and help contamination control in your workplace. Our touchless electronic dispenser system supports high hygiene standards in the workplace as it eliminates the need for users to touch the product in order to dispense the soap, helping to reduce the risk of cross contamination. When the user puts their hand under the electric soap dispenser, the right amount of product will automatically dispense into the users hand. This controlled dispensing helps to minimise waste by ensuring users only take the amount they need, improving cost without compromising on hygiene standards. These hygienically sealed foam soap refills with integrated pump promote workplace hygiene with a new clean nozzle each time the handwash refill is changed. Each foam hand wash refill provides up to 1,748 shots per cartridge. Kind on employees' hands for frequent hand washing, this hand soap is free of colour and all fragrances and is therefore effective in promoting compliance with hand hygiene protocols without compromising on care. The Scott® Control™ foaming hand cleanser is enriched with moisturising and hydrating ingredients so it cares for your skin. The gentle foam hand soap lathers to deliver thorough and efficient hand cleansing and rinses quicker than a liquid commercial hand wash, saving time and conserving water. The handwash refills are designed for quick and easy installation with a simple push and click. When the foaming hand wash refill cassette is empty, it can be compressed to conserve space and is fully recyclable once the pump is removed. This Scott® Control™ frequent use hand foam carries the European Ecolabel; your guarantee that it is manufactured responsibly at every step of the process. Compatible with the Kimberly-Clark Professional™ ICON™ touchless automatic dispensing system (53694 and 53944) with interchangeable faceplate technology - available for rolled hand towel, skin care, and toilet paper dispensers found in the ICON™ collection. The handwash refills are also compatible with Kimberly-Clark™ electronic soap dispensers in a chromed finish (code 11329) and white (code 92147). 4 x Foam Hand Wash cassettes, clear/fragrance-free, 1.2 Ltr (4.8 Ltr total)

- Feature:**
1. Each clear foaming hand soap refill contains 1.2 litres of frequent use hand soap
 2. This handwash is colour and fragrance-free
 3. Foam soap formulated for frequent use and therefore effective in promoting compliance with hand hygiene protocols
 4. The foam soap refills are gentle on skin whilst providing thorough hand cleansing
 5. Compatible with the Kimberly-Clark Professional™ ICON™ touchless automatic dispensing system (53694 and 53944) with interchangeable faceplate technology - available for rolled hand towel, skin care, and toilet paper dispensers found in the ICON™ collection
 6. Compatible with our Kimberly-Clark™ touchless automatic soap dispensers (product codes 11329 and 92147)
 7. Ideal for busy washrooms, the compatible touch free soap dispensers help improve hand hygiene
 8. This frequent use commercial hand wash is the professional solution to support your hygiene practices and help maintain workplace hygiene and cleanliness
