Dynamic audio	Works the way you do
Take conference room-quality audio on the go. Enjoy remarkable sound from meetings to music and reduced echo and noise so you can be heard clearly.	A programable button puts your favorite function at your fingertips – play / pause music, last-number redial and voice assistant – it's up to you. What's the status of a call? Know from a distance with the highly visible light bar.

Three-microphone array
Experience conference calls with outside noise and distractions tuned out. A three-microphone array focuses on your voice – not the surrounding noise.
