Material Safety Data Sheet (MSDS)

Product and Company Identification

Product Name: Water-Based Artist Paints (Assorted Colours)

Product Code: Various

Intended Use: Artistic painting, not intended for consumption or use on skin

Hazard Identification

Classification (GHS): Non-hazardous according to OSHA Hazard Communication Standard (29 CFR 1910.1200).

Label Elements:

- Signal Word: None required
- Hazard Pictograms: None
- Hazard Statements: None
- Precautionary Statements: Avoid contact with eyes and prolonged skin contact. Keep out of reach of children. Do not ingest.

Other Hazards: May cause mild eye or skin irritation in sensitive individuals. Contains pigments that may stain surfaces and clothing.

Composition / Information on Ingredients

Ingredient	CAS Number	% Weight
Water	7732-18-5	30–60%
Acrylic Polymer Emulsion	Proprietary	10–40%
Pigments (various colors)	Various	5–20%
Surfactants/Preservatives	Proprietary	< 1%

Note: Exact composition may vary by color. All components are non-toxic under normal use.

First Aid Measures

- Inhalation: Not expected to be hazardous. Move to fresh air if discomfort occurs.
- Skin Contact: Wash with soap and water. If irritation develops, seek medical advice.
- Eye Contact: Rinse cautiously with water for several minutes. Remove contact lenses if present. If irritation persists, seek medical advice.
- Ingestion: Rinse mouth. Do not induce vomiting. Seek medical advice if symptoms persist.

Fire-Fighting Measures

Flammability: Non-flammable

Suitable Extinguishing Media: Water spray, CO₂, dry chemical, or foam

Special Hazards: None known

Protective Equipment for Firefighters: Standard protective equipment

Accidental Release Measures

Personal Precautions: Avoid contact with skin and eyes

Containment/Cleanup: Contain spill with absorbent material (paper towel, cloth). Wash area with water. Do not allow to enter drains or waterways.

Handling and Storage

Handling: Use in well-ventilated areas. Avoid contact with eyes and prolonged skin contact. Wash hands after use.

Storage: Store in tightly closed containers. Keep in a cool, dry place. Protect from freezing and direct sunlight.

Exposure Controls / Personal Protection

- Exposure Limits: No exposure limits established
- Engineering Controls: Use in a well-ventilated area
- Personal Protective Equipment (PPE):
 - Eye Protection: Safety glasses if splashing is possible
 - Skin Protection: Gloves (optional)
 - Respiratory Protection: Not normally required

Physical and Chemical Properties

Appearance: Viscous liquid, various colors

Odor: Mild, acrylic odor

pH: 7–9

Boiling Point: ~100°C (212°F)

Melting Point: Not applicable

Solubility in Water: Miscible

Flash Point: Not applicable

Viscosity: Medium to high

VOC Content: Low to negligible

Stability and Reactivity

Reactivity: Not reactive under normal conditions

Stability: Stable under normal storage conditions

Incompatible Materials: Strong oxidizers

Hazardous Decomposition Products: None known

Toxicological Information

Acute Toxicity: Not expected to be toxic

Skin Corrosion/Irritation: Mild irritation possible in sensitive individuals

Eye Damage/Irritation: May cause mild irritation

Ingestion: Not intended for ingestion; may cause nausea or gastrointestinal discomfort

Chronic Effects: No known chronic health effects

Ecological Information

Ecotoxicity: Not expected to be harmful to the environment in small quantities

Persistence and Degradability: Partially biodegradable

Bioaccumulative Potential: Low

Mobility in Soil: High water solubility, may spread in water

Disposal Considerations

Waste Disposal: Dispose of in accordance with local, regional, and national regulations. Do not pour into drains or waterways.

Transport Information

DOT Classification: Not regulated

IMDG/IATA: Not classified as dangerous goods

UN Number: Not applicable

Regulatory Information

TSCA Status: All ingredients listed or exempt

SARA 313: Not listed

California Prop 65: Some pigments may contain trace levels of substances listed; consult specific color data if needed
